

## Lower Cold, Smith & Condon Creeks Linkage Zone

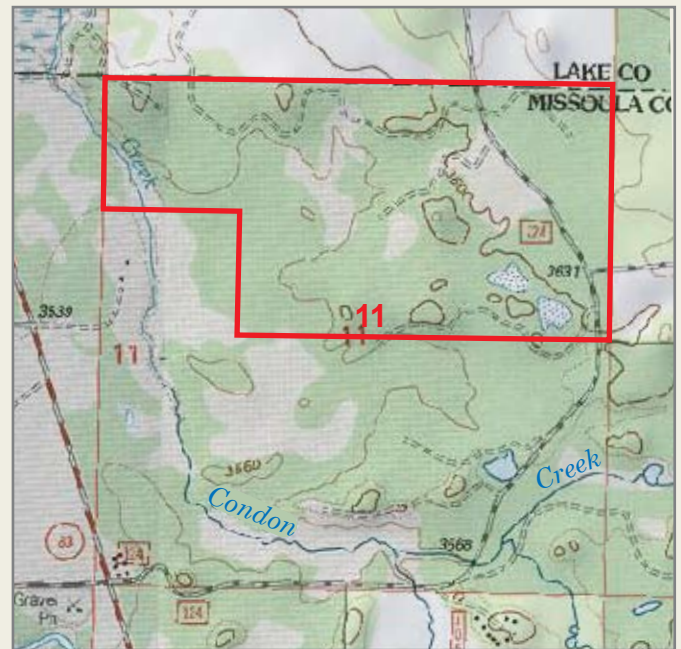

### Condon Loop

**NE1/4, N1/2 NW1/4,  
SE1/4 NW1/4, Section 11  
T 21 N, R 17 W**

- Big game winter range
- Bull trout habitat in Condon Creek
- Borders Forest Service on two sides
- Popular bird watching area
- Lies in bottleneck of linkage zone
- High risk for development

**Total Project Acreage : 280**

*“My dad’s homestead adjoins this section. My wife and I have the place now. We plan to protect the conservation values on our land, which will further the conservation benefits of the Forest Service acquisition of this Plum Creek parcel.”*
